WOMAN!

For Health and Happiness are Matters of Great Concern to all Mankind: NEARLY EVERY WOMAN, some months ago I bought a bottle of Dr. Sanford's Female Invigorator, and used it very faithfully with great satisfaction. I have recommended it to three families, and they have found it to just what is claimed for it. Females who have used it are now in perfect health and able to attend to their household duties. REV. H. B. JOHNSON.

STATE OF GEORGIA, Troup County. I have examined the recipe of Dr. Sanford's Female Invigorator, and pronounce it to be a combination of medicines of great merit in the treatment of all diseases of females for which he commends it. WM. P. BRASLEY, M. D.

SPRINGFIELD, TENN. DR. J. BRADFORD: Dear Sir—My daughter has been suffering for many years with that dreadful affliction known as Female Disease, which has cost me many dollars, and notwithstanding I had the best medical attention, could not find relief. I have used many other kinds of medicines without any effect. I had just about given her up, when I heard of your Female Invigorator, and knowing that it was a remedy for the disease she was suffering from, I bought a bottle of it, and began to improve at once. I was so delighted with its effects that I bought several more bottles of it; and knowing what I had about it, if to-day one of my family was suffering with that awful disease, I would give it to them. I have found it to be a truly valuable remedy, and I can truly say it has cured my daughter soundly, and well, and myself and wife do most heartily recommend your Female Invigorator to be what it is represented to be. DALLAS.

A Bon-Ton Procession by the Colored Population—A Boy Dragged to Death by a Horse.

Indiana Cracker Manufacturers Hunting a Location—A Survivor of the Bloody Apaches.

Special.

DALLAS, TEX., June 19.—The colored people celebrated the twentieth anniversary of their release from slavery by Gen. Granger. There was an immense procession. First came the band, then a pickaninny company armed with wooden guns and dressed in blue; then the school children; then the "high ten" element in carriages, and then all who could hire a horse. The procession wound up with the bone and sinew of the colored race, to-wit: the cotton pickers. After filing through town they retired to the suburbs, where speech-making and other amusements were indulged in. The whole affair passed off without a disturbance.

Joseph Lenten, a German who formerly lived in this city, returned from New Mexico this morning. He brought with him one child, the only survivor of the blood-thirsty Apaches. He had camped near Silver City with his family. On the morning of the massacre he had gone some distance to get some water for cooking purposes. When he returned his family had been horribly butchered. A little girl ten years old was some distance from the tent when she saw the Indians; she hid and was thus saved. He also formerly lived at Mesas.

Messrs. Ruger & Sons of Terra Haute are in the city for the purpose of establishing a cracker factory. They brought their families with them and also shipped their machinery, supposing they had a house rented to commence business in. They found that they were mistaken and are considerably annoyed.

A sad accident occurred to a small colored boy a few miles from town yesterday. His horse threw him and he became entangled in the rope. The horse ran away, dragging the boy till he was dead. The county board of equalization is in session. The courts have all adjourned. Jim Taylor, a convict on the road gang, made his escape from the guards yesterday evening. He had been tried and fined \$100 a short time ago for creating a disturbance on a passenger train. The sheriff's blood-hounds were put on his track, but night coming on they were called off and he escaped.

McKINNEY.

How Two Brothers Meet After Thirteen Years' Separation.

McKINNEY, TEX., June 19.—A slight shower of rain fell here Wednesday night, and there will be a magnificent corn crop made in this county. Wheat will be nearly all harvested this week. The crop is variously estimated at from twenty to thirty-five bushels per acre.

A brother of County Surveyor Byrne came in on the morning train. They had not seen or heard of each other for thirteen years, both thinking the other dead till they met here this morning.

Senator, next Governor of Texas, Rutabaga Johnson is having a lively tilt through his paper, the Democrat, with the former editor of that paper. The senator touches up our efficient district clerk, W. T. Cox. He calls him "Forgetful Billie." Even the affable Joe Wardlaw, county clerk, is booked for a bradade from the bloody pen of the senator. Give the senator pen and space, and he will "write" her down.

Miss Olivia Allen, a charming young lady of our city, left a day or so ago for a brief stay among friends and relatives in Tennessee, and now it turns out that K. R. Craig, one of our good-looking and shrewd attorneys, contemplates a visit to the hills across the Mississippi.

The committee of experts appointed by Judge Maithe at the present term of the district court to investigate and report the condition of the county finances made its report today. The report shows that Treasurer Bagley has received in the last three years \$180,000, and that he has paid out \$183,000, that he has on hand \$90 more than the vouchers show he ought to have. The mistake was caused by some of the minor officers failing to report. Treasurer Bagley and Collector L. W. Oglesby were highly complimented for the efficient manner in which their offices were kept. The investigation was close and exhaustive.

"It Knocks the Spots." And everything in the nature of eruptions, blotches, pimples, ulcers, scrofulous humors, and incipient consumption, which is nothing more nor less than scrofula of the lungs, completely out of the system. It stimulates and invigorates the liver, tones up the stomach, regulates the bowels, purifies the blood and builds up the weak places of the body. It is a purely vegetable compound, and will do more than is claimed for it. We refer to Dr. Pierce's "Golden Medical Discovery."

PALESTINE.

PALESTINE, TEX., June 19.—Jack Gordon, a hardened white boy eight years of age, robbed a little son of Mr. John Young of \$5 on the public street this morning, by assaulting him and tearing the money from his hand. Gordon was put in the calaboose but made his escape. His father drove him from home sometime ago, since which time he has been detected in various thefts.

DENISON.

DENISON, TEX., June 19.—The committee appointed by the city council to select teachers for the ensuing term will report at the next meeting of the council for confirmation, from those examined, the following: Misses

Eliza Sims, Anna Shaw, E. M. Moore, Camp C. Redwood, Nannie Ward, Irene and Imogene Walker, Mrs. M. T. Brown, Mrs. A. K. Malcomb, Mrs. Katie, R. Venable and Mrs. Annie Davis. colored: Ida McCracklin, Mrs. Clara B. Franklin and D. M. Walton. No decision relative to principal has yet been made. Gus Zintgraf has been appointed freight agent for the Missouri Pacific at this place.

WEATHERFORD.

Students Homeward Bound—Personal Notes.

WEATHERFORD, TEX., June 19.—Miss Laura Burt, with her father, Dr. William Burt, and grandfather, Mr. F. C. Finny, arrived on the morning train from Williamsburg, Lavaca county. They will spend a portion of the summer here with their many relatives, the Davises.

R. C. McConnell left town this morning for the West on important legal business.

Several back-loads of students came to town this evening from the Add-Ran college at Thorp's Spring, on their way home in different parts of the country.

The several produce dealers in this town are shipping immense lots of fruits and vegetables west, hundreds of dollars' worth being shipped daily.

Rev. N. L. New, a member of the late graduating class at the Lebanon, Tenn., university, has taken charge of the Cumberland Presbyterian church in this city.

GAINESVILLE.

Improved Outlook for Cotton—A Narrow Escape.

GAINESVILLE, TEX., June 19.—The improved outlook of the crops is very gratifying now. A traveling man returned to this city yesterday from a trip through Throckmorton, Baylor, Young, Jack, Wise, Montague and Cooke counties. He says most of the cotton destroyed by worms in these counties will be made up by replanting, much of which is being done.

Some of the farmers are putting in millet, corn and other crops instead. The cotton planted in new land has been untouched by the worms. Where the plant has been eaten, it is re-sprouting near the ground.

While N. E. Philip and son and Dr. Modran were returning from a trip to Montague, they witnessed an exciting scene on Farmers' creek. The stream was much swollen, and was still rising when Campbell LaForce attempted to cross. The current carried him from his horse, and the animal began to strike out wildly with his front feet, striking LaForce on the head. When he rose to the surface his head was bleeding, and he was saved from a watery grave by the gentlemen standing near.

The celebrated temperance lecturer, Mrs. Saxon, will lecture in this city next Wednesday night.

Chas. Boughton, Esq., lawyer, 25 State St., Boston, reports a case of Eczema under his observation for ten years, which covered the patient's body and limbs, and to which no known methods of treatment had been applied without benefit, which was completely cured solely by the CUTICURA REMEDIES, leaving a clean and healthy skin.

Dr. Drake, Esq., Detroit, Mich., suffered untold tortures from Eczema, which appeared on his hands, head and face, and nearly destroyed his eyes. After the most careful doctoring and a consultation of physicians failed to relieve him, he used the CUTICURA REMEDIES, and was cured, and has remained so to date.
